Dear ACM CCS Student Travel Grant Committee,

This is Kun Sun from the George Mason University, an Associate Professor of the Department of Information Sciences and Technology, Volgenau of School of Engineering. I am writing this letter to support my PhD student Shu Wang, to apply for the travel grants of CCS 2020.

Shu is a third year PhD student working on machine learning security. He has demonstrated excellent research capability and made good research progress as a junior PhD student. He will greatly benefit from attending the technical sessions, presenting our paper titled "When the Differences in Frequency Domain are Compensated: Understanding and Defeating Modulated Replay Attacks on Automatic Speech Recognition" in the main track, meeting prestigious researchers, and exchanging ideas with other students in CCS.

Please let me know if you need more information.

Best regards,

A handwritten signature in cursive script that reads "Kun Sun".

Kun Sun, PhD
Associate Professor, CSIS/IST
George Mason University
